

Class of 2018

North High School

Shannon McGuire

Story by: Kenzie Schnathorst

SENIORS

High school student by day, CNA by night. Shannon McGuire is a senior at North High School who decided to graduate a semester early to get a head-start on life.

McGuire is undecided about what college she will attend. She does know that she wants to go into either a four- or two-year nursing program to become a RN (Registered Nurse). She then wants to go back to school to become a midwife. McGuire started working at Broadlawns a little over a year ago, and is now a CNA on the medical/surgical floor. Her current schedule consists of going to work from 11 p.m. to 7 a.m., then she goes home and gets ready for school. After school, she goes home and sleeps from 3 p.m. until 10 p.m. to get ready for work again. She works anywhere from two to five days a week on overnight.

Although the road is long and hard, she continues to strive and make a big leap towards her future by taking spring semester to invest in college and take those next steps to adulthood.
