2023

The Johnston High Scholl (JHS) class of 2023 has had an unprecedented high school experience, from leaving for quarantine March 13, 2020, hybrid, masks, and all the missed events in between. Despite these challenges the senior class has accomplished a lot. Each class of students represents an unprecedented collection of individuals, the halls of JHS changed the second the class of 2023 entered and they will never be the same after they leave. This page commemorates some of the major accomplishments of the class of 2023.
