## MEET THE ARTIST

**Q: Tell me about how you got into art?**

A: “I’ve been into art since I was young, my mother was also an artist so I think that’s where I get it from. In middle school especially, I used to make fan art of whatever shows interested me at the time.”

**What is your favorite thing to draw? Why?**

A: “My favorite thing to draw are small characters in the corner of my notebook in class. I like to practice drawing hands as well or facial expressions. (I love drawing my dog as well.)”

**Q: How did you come up with these characters or this comic idea?**

A: “I’ve never made comics or anything storyline-related before with my art, so I’ll mostly be taking inspiration from the past issue comics as well as my favorite online artists.”
